## Rate/Rule Memorandum

The purpose of this memorandum is to outline the changes that we are proposing to our Public Entity Rate Plan. The attached exhibits provide actuarial support for these changes.

This filing proposes a new product offering within our Public Entity Rate Plan (PERP). There is no rate impact on existing insureds. We are proposing to offer Employment Practices Liability (EPL) coverage on an occurrence basis. We have derived the rates for this new occurrence product by starting with our currently filed and approved claims made EPL rates and multiplying them by an appropriate Claims Made to Occurrence factor. The actuarial support for the claims made to occurrence factor is included in Exhibits Prof 1A - 1C.

The Public Entity Rate Plan Manual is amended with revised page XII. Public Entity Employment Practices Liability, R&R XII.I Rev. 10-1-06. This revision will replace the edition currently on file. The changes include the addition of the new Occurrence rates and Additional Rating Rules that correspond to the new Occurrence insuring agreement and endorsements.
